

PAYMENT PLANS

For Anti-Wrinkle Treatments

Signing up for a payment plan (powered by GoCardless) gives you the flexibility of spreading your payments to make things easier to budget for. You also get a chance to take advantage of some added treats and bonuses, too!

How It Works

Book in and enjoy your first anti-wrinkle treatment with us. Pay for your first anti-wrinkle treatment as normal. This acts as your initial deposit.

We send you an email with a link to set up a direct debit for the remaining amount to be paid over 11 months.

The direct debit will then be taken on the last day of the month or on a day to suit you.

The Treats

All payment plans include 1 free eye or lip skin booster treatment worth £199.
